

Feel great in Kruunupuisto

KRUUNUPIISTO
PUNKAHARJU

HOTEL 🏰 RESTAURANT 🏰 SPA 🏰 WELL-BEING 🏰 ACTIVITIES 🏰 REHABILITATION 🏰 MEETINGS

Ease your mind and recharge your personal batteries

Kruunupuisto is a beautiful health resort surrounded by picturesque forests and lake views. Our unique location ensures peace and quiet for everyone visiting our centre for rehabilitation, well-being and relaxation. The reviving effects of clean nature characterised by pine forests, and ridges shaped by the Ice Age, were known in Punkaharju as long as a century ago. Located in the Punkaharju Nature Reserve by Lake Saimaa, Kruunupuisto is a perfect spot for everyone longing for a connection with nature in a spacious and relaxing setting.

HOTEL

- ◆ 128 rooms, accommodation for 240 persons.
- ◆ Gym, sports facilities and an outdoor gym with a lake view
- ◆ Spa and Finnish saunas
- ◆ Traditional lake-side sauna, beach for swimming
- ◆ Complimentary Wi-Fi

"Lake Saimaa is the heart
of the widest European
lake district."

SOMETHING FOR EVERYONE

Staying in an early 20th-century Art Nouveau building, a former sanatorium for Russian nobles, gives a historic touch of nostalgia while enjoying fully equipped rooms, renovated respecting their original arrangement. Our options include everything from standard rooms to stylish suites. Kruunupuisto welcomes all visitors, including those who need help in their daily activities and require accessibility during their stay.

RESTAURANT

We treat our customers with delicious meals from buffet breakfast to á la carte dinners. We serve the best seasonal ingredients, local specialities and fresh bread and confectionery baked in-house.

FOR SPECIAL MOMENTS

We provide the greatest location and services for your special moments. Our restaurant can host your festivities, meetings and social gatherings for 10 to 120 persons – with our professional staff and according to your wishes and needs.

LEISURE & WELL-BEING

The spa facilities, pampering treatments and excellent opportunities for outdoor recreation in the unique landscape complement your stay. As a hotel guest, you're welcome to use our Spa and Sauna facilities and the gym freely within their opening hours. Our spa has a 25 m pool, a children's pool, a cold pool and warm pools with massaging jets and cascades. Our treatments include facials and beauty treatments, massage and physiotherapy and other health treatments.

Kruunupuisto offers a perfect setting for exploring and enjoying the surrounding nature. You can go hiking or Nordic walking along

the marked trails, some of which start in the immediate vicinity of the hotel. If you're feeling more adventurous, you can choose a bike, an electric fat bike or a kick bike. Depending on the season, our beautiful lake views can be enjoyed independently or with a guide by canoe, kayak, boat cruise or by snow shoes and tour skating. You can go fishing or swimming in the clean lake water, and in autumn, the forests are filled with delicious berries and mushrooms for you to pick.

The Savonlinna area offers plenty of events, sights and cultural activities.

a Forerunner in health services

We at Kruunupuisto have 50 years of experience in providing rehabilitation services and an almost 120-year heritage in enhancing health and well-being in a historical setting.

HEALTH RESORT

Investing in your well-being pays off in terms of a better quality of life. A holiday in Kruunupuisto means a well-deserved rest, delicious meals, exercise and health services – all tailored to your own wishes and needs. Our unique natural setting provides a holistic framework for your well-being.

We will always focus on supporting your personal well-being. We have a skilled group of rehabilitation and healthcare professionals, who are committed to your needs. We can help adults with musculoskeletal disorders, diabetes and neurological disorders, and patients recuperating from surgical operations.

?

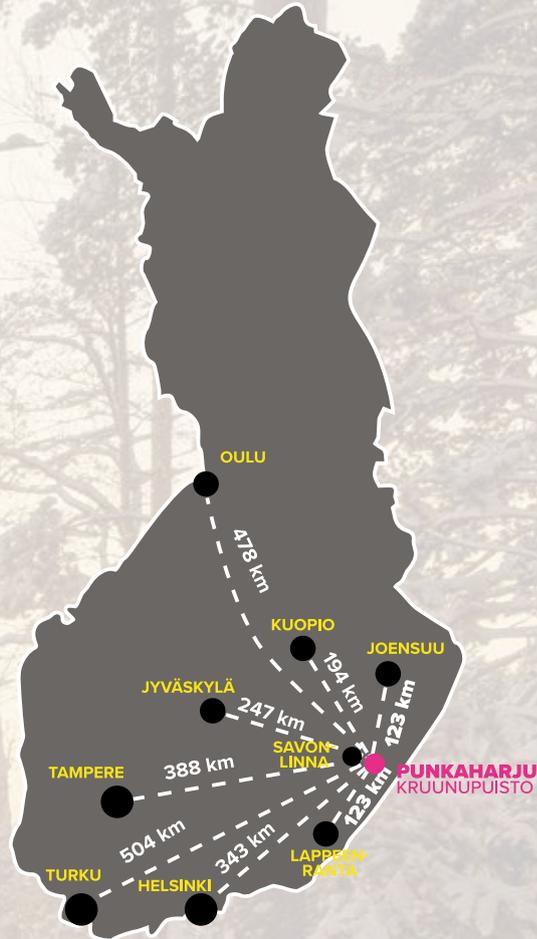

**Did you know:
Lake Saimaa is the
home of the very rare
Saimaa Ringed Seal.**

.....

Kruunupuisto is located by Lake Saimaa in Eastern Finland, in the Punkaharju Nature Reserve, uniquely shaped by the Ice Age.
